### CEOP

There is a button to **CEOP** on the school

website: <https://www.helena-romanes.essex.sch.uk/>

CEOP helps young people who are being sexually abused or are worried

that someone they've met is trying to abuse them. If you've met someone online, or face to face, and they are putting you under pressure to have sex, asking to share images or making you feel uncomfortable you should report to CEOP.

This might be someone:

- Making you have sex when you don't want to
- Chatting about sex online
- Asking you to meet up face to face if you've only met them online
- Asking you to do sexual things on camera
- Asking for sexual pictures of you
- Making you feel worried, anxious or unsafe

If this is happening to you, or you're worried that it might be, you can report this to CEOP

[www.ceop.police.uk/safety-centre](http://www.ceop.police.uk/safety-centre)

Nude image of you online?  
We can help take it down.

**Report Remove** is to help young people under 18 in the UK to confidentially report sexual images and videos of themselves and remove them from the internet.

Having your nudes shared can feel scary, and it can leave you feeling worried or even ashamed. But it's not your fault.

**It's against the law for anyone to share a sexual image or video of someone who's under 18**, and we're working with the Internet Watch Foundation (IWF) and Yoti to help you remove any sexual image or video of you that's online.

Report Remove is safe, easy and free - all you need to do is follow these steps:

- choose your age range
- create a Childline account so we can send you updates on your report
- report your image or video to the Internet Watch Foundation (IWF)
- talk to a Childline counsellor if you want any extra support, or access support on the Childline website
- check your Childline locker a few days after your report to see if you need to add any more information and to see updates on your report
- report any issues with this process by sending an email from your Childline locker with the subject 'Report Remove' and as much

information about the problem as you can.

- Read more about how to report an image or video.
