<p>Any other information</p>	<p>Please note that students must have read the texts listed above before they commence the course in September. However, as reading an entire Shakespeare play for the first time can be tricky, watching a version of ‘Hamlet’ would suffice so that students are familiar with the plot.</p> <p>We strongly recommend each student purchases their own copies of the texts they will study so that they can make notes throughout the course.</p>

	<p>If there is a concern around being able to purchase the texts and therefore reading them before September, please do contact the English Department and we will be happy to help.</p>
